Narrative – Please provide specific detail of the activities that will be funded in this area.

Broome County STOP-DWI's law enforcement initiatives include dedicated full time patrols, overtime patrols, equipment purchases and training programs for area police agencies.

The Broome County STOP-DWI Program also proposes to continue its funding of overtime patrol programs with the Broome County Sheriff's Office, Binghamton, Endicott, Johnson City, Vestal, Port Dickinson and Deposit Police Departments. Funding would not exceed the totals as listed for each agency as outlined in this document. As stipulated in CA-1512, the entire grant is directed at paying the overtime costs necessary to deploy extra patrols during those peak hours and days of week generally associated with impaired driving. Grant monies do not cover court overtime expenses only actual patrol coverage costs. In addition, STOP-DWI intends to provide equipment and maintain/supply those agencies that have received STOP-DWI equipment over the years. Finally, STOP-DWI will also fund specialized training for area law enforcement. Together, these initiatives will help maintain the successful and visible STOP-DWI law enforcement presence in Broome County

BROOME COUNTY

VII.) 2018 STOP-DWI ADMINISTRATION PLAN

ADMINISTRATION/EVALUATION COMPONENT

Narrative – Please provide specific detail of the activities that will be funded in this area.

STOP-DWI stands for “Special Traffic Options Program for Driving While Intoxicated”. The STOP-DWI Program was enacted by the State Legislature in 1981 for the purposes of empowering county governments to coordinate local efforts to reduce the incidence of impaired driving within the context of a comprehensive and financially self-sustaining highway safety program.

Pursuant to Article 31 Section 1197 of the New York State Vehicle and Traffic Law and 15 NYCRR Part 172 of the Commissioner’s Rules and Regulations, the Broome County STOP-DWI Program develops and coordinates a comprehensive DWI countermeasures program – that places a priority on general deterrence – the prevention of impaired driving through a high visibility enforcement and prosecution effort. To that end, STOP-DWI funds enhanced police patrols that are dedicated to DWI enforcement as well as provides specialized breath testing equipment and video cameras to police agencies. The District Attorney’s office receives funds for a prosecutor to specialize in felony DWI cases. STOP-DWI also provides funding to the Broome County Probation Department to monitor recidivist DWI offenders.

In addition, STOP-DWI funds an effective traditional and digital media campaign in order to heighten public awareness about the dangers of impaired driving and to promote the enforcement and prosecution efforts. STOP-DWI serves as the ignition interlock device monitor for all DWI conditional discharge cases in Broome County. STOP-DWI also served as the Director of the SUNY Broome Impaired Driver Program.

STOP-DWI also sponsors numerous training seminars for prosecutors, police, educators, and treatment professionals who deal with various aspects of the impaired driving issues. STOP-DWI works with area middle and high schools and conducts numerous community outreach programs. The STOP-DWI Program also uses the popularity of sports to further promote its safe driving and healthy lifestyles message.

STOP-DWI operates under 15 NYCRR Part 172 of the Commissioners Rules and Regulations which limits funding to only enhancement programs which reduce the incidence of impaired driving. Broome County’s STOP-DWI Program is supported entirely by the fines paid by people convicted of driving while intoxicated, DWI probation supervision fees, and state and federal grants.

Current Year Objectives:

Enforcement and Adjudication Component:

- Continue the high visibility STOP-DWI Task Force Program involving overtime patrols that are dedicated to DWI enforcement.
- Continue the digital recording program in which DWI offenders are recorded at the scene of arrest and at police stations.

- Conduct community outreach via public speaking engagements, and by making available videos, displays, and printed materials to schools and other organizations.
- Continue to support education and public awareness activities in area middle schools and high schools.
- Conduct a comprehensive electronic and print advertising campaign to promote awareness about the DWI issue.
- Conduct special projects/events such as the STOP-DWI Winter Classic and Teen Traffic Safety Day to further promote the STOP-DWI and healthy lifestyles message to youth and the community.

Administrative/Evaluation Component:

- Work with the STOP-DWI Advisory Board, local officials and public and private community organizations to develop and coordinate a comprehensive DWI countermeasure program.
- Monitor and evaluate traffic crash, arrest, and conviction data to assess the effectiveness of Broome County's STOP-DWI effort.
- Coordinate local efforts to implement the Ignition Interlock Device (IID) requirements of Leandra's Law.
- Serve as Director of the SUNY Broome Impaired Driver Program
- Seek private/corporate sponsorship to help finance education and promotional efforts.

Current Year Budget Highlights

- Application of DWI fine revenues to cover FY program expenses at no cost to local taxpayers.
- Application of DWI Probation Supervision Fees to fund STOP-DWI's Probation programming.
- Zero application of STOP-DWI fund balance to help finance budget.
- Maintaining a comprehensive DWI countermeasures program with declining DWI fine revenues.
- Providing financial assistance to county and local law enforcement for the purchase of specialized equipment and overtime patrols.
- Obtaining grant funding to off-set loss of DWI fine money to minimize reductions in law enforcement and education programs.

Re: 2018 STOP DWI Plan Approval

Dear Mr. Marion:

We are approving your 2018 STOP DWI Plan as submitted. Thank you for your dedication and continued work to address the problem of impaired driving.

Due to the varying timelines in the local budget process, county certification may still be pending. If you did not include a county certification in your plan submission, we ask that you submit that certification to the GTSC (Governor's Traffic Safety Committee) as soon as it is available. The certification page must include either the county resolution approving the STOP DWI Plan or a copy of the county budget page(s) showing the amount approved for STOP DWI.

We recognize that county governments continue to experience the same fiscal constraints as the rest of the state. In these difficult fiscal times, we have to be sure that program spending is kept to areas that prevent impaired driving or to enforce impaired driving laws and that do not supplant local spending. If you plan to modify this approved STOP DWI budget plan, you must notify the GTSC before incurring any costs.

If you have any questions about your plan or the program in general, please contact Renée Borden at the Governor's Traffic Safety Committee at (518) 486-6718.

Sincerely,

Charles R. DeWeese
