SUBJECT OF EXAMINATION: A written test designed to evaluate knowledge, skills and /or abilities in the following areas:

1. Customer service

These questions test for knowledge of techniques used to interact with other people, to gather and present information, and to provide assistance, advice and effective customer service in a courteous and professional manner. Questions will cover such topics as understanding and responding to people with diverse needs, perspectives, personalities, and levels of familiarity with agency operations, as well as acting in a way that both serves the public and reflects well on your agency.

2. Fundamentals of working in a library

These questions are designed to evaluate the candidate's knowledge about the common terms and concepts used in various sections of a library (e.g. Circulation, Reference, Technical Processing, etc.); the procedures associated with shelving, storing, checking out and receiving library materials; and the proper methods of using equipment commonly found in a library and of handling, processing and storing library materials.

3. Name and number checking

These questions test for the ability to distinguish between sets of words, letters, and/or numbers that are almost exactly alike. Material is usually presented in two or three columns, and you will have to determine how the entry in the first column compares with the entry in the second column and possibly the third. You will be instructed to mark your answers according to a designated code provided in the directions.

4. Office record keeping

These questions test your ability to perform common office record keeping tasks. The test consists of two or more sets of questions, each set concerning a different problem. Typical record keeping problems might involve the organization or collation of data from several sources; scheduling; maintaining a record system using running balances; or completion of a table summarizing data using totals, subtotals, averages and percents. **You should bring with you a hand-held battery- or solar-powered calculator for use on this test.
