## **Update on Sodexo Services at Willow Point**

(VESTAL, NY) In June of 2018 Sodexo was announced as the new food service provider for the Willow Point Rehabilitation and Nursing Center and the Broome County Office for Aging.

This came after a county decision to terminate its contract with the previous provider, Aramark, because of issues of lack of quality and late meals at Willow Point. Sodexo began providing their services to Willow Point in September of 2018.

“The food service here at Willow Point has significantly improved since Sodexo took over,” said Administrator Ryan LaClair, “It’s great to see the activities they are partnering with us on and how the quality of life for our residents has improved.”

On Thursday March 28<sup>th</sup> Sodexo helped put on an “International Taste Testing Activity” for the residents in conjunction with the Willow Point Activities Department. Residents were able to spend time together and try foods from different cultures.

Leaders at the facility hope to continue to work together to put on activities like this, as they say they are great for the residents.
