

Application for Storm Debris Tipping Fee Waiver (Residential Form)

2 Copies per Load

Broome County Charter & Code:

The landfill charges set forth in Broome County Charter and Code 317-9 shall be waived for disposal of debris related to damage occurring during a natural or man-made disaster resulting in a declaration of a state of emergency by the County Executive.

Emergency Services Certification:

The office of Emergency Services has declared that many municipalities have sustained damages to businesses, residential and/or public infrastructure with the disaster.

Customer Certification:

I certify that this material is Broome County waste only. I certify that the debris that I am delivering to the Broome County Landfill is material that was generated as a result of the disaster. No insurance and/or emergency assistance (local, state or federal) has or will be covering some or all of the normal tipping fees for this debris. I certify that no regular trash or garbage is mixed in with the storm event debris.
